

2019 ONTARIO HIGH SCHOOLS FALL 7'S TOURNAMENTS DIRECTORY

7's rugby is fast-paced and exciting for players and spectators. Players require above average speed and agility and strong ball-handling and decision-making skills.

Rugby Ontario understands the importance of HS rugby to the future of the sport.

Rugby Ontario and Rugby Canada are focused on developing 7's players for future competitions including IRB 7's tournaments for men and women and junior age players.

Coaches are encouraged to organize regional fall 7's tournaments and provide tournament information for posting on this web site to assist schools searching for competitions.

Rugby Ontario will also continue to provide technical support for HS rugby with certification courses for coaches and referees and by organizing coaching symposiums.
